

If I had known... I wish I had known...

We use had (done) in the same way after wish. I wish something had happened = I am sorry that it didn't happen. We use if + had... to talk about the past (if I had known/been/done, etc.).

Usamos *had (done)* de la misma manera que *wish*.

If the weather hadn't been so bad, we would have gone out.

The weather was hot in our hometown. I wish it had been winter.

William had a stomachache after dinner. He wished he hadn't eaten so much rice.

If she had received the client's social security, she would have made the appointment with the Embassy.
