

Will

We use I'll when we decide to do something at the time of speaking. We use will when offering to do something, agreeing to do something, promising to do something, asking somebody to do something.

Lo usamos cuando decimos hacer algo en el momento en que hablamos. Lo usamos cuando ofrecemos realizar algo, cuando acordamos algo, cuando prometemos algo, pedimos algo a alguien.

Thank you for your help! I will offer you a full-time job.

Elizabeth will carry this heavy box. She will ship it off to the overseas director.
